

CLOVER RIDGE PLACE

JUNE 2011

Stop and Smell The Roses:

The rose is the flower for the month of June.

The world's oldest living rose bush is thought to be 1000 yrs. old.

The rose is truly a well-traveled flower. 60% of the world's roses are grown in America.

In the U.S. the largest rose growing state is California.

Currently, there are over 200 rose species.

The first rose breeder in the United States was George Washington.

The people of ancient Greece used roses to accessorize. On festive occasions they would adorn themselves with Garlands of roses.

Until the early 19th century dried rose petals were believed to have mysterious powers. Napoleon gave his officers bags of rose petals to boil in white wine, to cure lead poisoning from bullet wounds.

In the 19th century, old scented roses were used to make jelly.

According to Greek Mythology, Aphrodite, the goddess of love and beauty gave the rose it's name.

Legend claims that rose thorns originated because of jealousy.

You can prolong your roses' vase life by adding sugar and aspirin.

Imagine

DARE TO DREAM...

Margaret Gisel, a resident of Clover Ridge Place has "dared to dream"!!! Clover Ridge Place has made it possible for Margaret to take off in a hot air balloon to make a long time dream come true! She will be accompanied by a Clover Ridge Place staff member and will fulfill this dream at 6:00pm on Friday June 3, 2011. The balloon launch will take place in the empty grassy lot down the hill from Clover Ridge. (Next to Taco John's). Please come down and enjoy some ice cream and help us make Margaret's dream come true!!!!
