

CLOVER RIDGE PLACE

MARCH 2011

HAPPY MARCH!!!

For those of you who have been to visit us lately—you may have noticed a change or two in the back of our community. We have secured the entire back two sections of our community versus just having the one side secure. What does this mean? This means we are able to provide a secure home for our loved ones with memory care issues as well as those loved ones who are in need of more care and assistance. Our two secure areas offer staff ratios of 1.5 staff to 10 residents and also offer spontaneous activities to the persons who reside in these areas. To get back to our secure area, you simply need to push the bypass button located on the right side of the double doors leading back to the secure area. From the outside, again just hit the bypass button to gain access to our secure area. When you come in—you will be greeted by one of our home health aides—she is just checking on who is coming and going. Adding this additional security will enhance the level of care and service we are able to provide to our residents. If you have any questions or concerns at all regarding this change, please feel free to call me or stop in my office and we can discuss this. Thank you for your patience through our minor construction phase.

One other reminder for all residents and families of Clover Ridge—did you know you will receive \$500.00 off of your rent when you refer a friend or loved one to Clover Ridge—and they move in? Please take advantage of this great offer!

Have a wonderful Spring!
